RICHMOND STREET

Surveyed and drawn under direction of
 Geo. T. Spicer, Amasa Paine, & Wm. S. Haines,
 a committee appointed by
 The Board of Aldermen,
 by Wm. S. Haines
 April 1860

Scale 50 feet to an inch
 Measured by U.S. Standard

The lot line found & returned the bounds of Richmond Street as shown on the
 map and established as a public highway & as assessed & defined by the committee
 on the 11th day of April 1860. The lots of land of the several owners marked with blue figures
 upon the map, which with the exception of the lots shown in red, have been used and considered as a part of Richmond Street
 for more than twenty years past. It is supposed by the committee that so much of said lots
 of land as are within five feet of the red lines A, B, & C, shall be declared a part of the
 public highway.
